Title : The Level of Knowledge Patient and Self Rationality at
The Colomadu District Drug Stores

I at this moment state that this thesis was originally belonged to my own and did not belong to other researchers for different levels. Furthermore, this thesis was previously published, except for a few parts with their original references.

Otherwise, if it was found that this thesis contains plagiarism, I am ready to be ceased academically.

Acknowledgments

Assalamualaikum Wr.Wb.

Praise and gratitude the writer said to Allah SWT because of His blessings the thesis can be resolved well and timely. Shalawat and salam may always pour on Rasullulah SAW who has conveyed revelation and wisdom to all humanity to tear down ignorance. The thesis entitled “ The Level of Knowledge Patient and Self Rationality at The Colomadu District Drug Store “ is one of the requirements for obtaining a Bachelor’s degree in Pharmacy at Darussalam University Gontor. In completing this thesis, the writer was getting prayer, motivation, help, advice, guidance, and criticism from various parties. Then with all humility, the writer would like to express my great gratitude to:

1. Mr. Abdul Azis and Mrs. Maisaroh, both my parents who have given moral and material support and endlessly devoted prayer, motivation and affection so that I was able to complete this research.
2. Al-Ustadz Prof. Dr. Amal Fathullah Zakarsyi, M.A as Rector University of Darussalam Gontor
3. Al-Ustadzah drg. Ruskiah Oktavia, M.M as Dean of the Health Science Faculty, University of Darussalam Gontor
4. Al-Ustadz Amal Fadholah S.Si., M.Si., Apt. as Head of Pharmacy Departement, University of Darussalam Gontor
5. Al-Ustadz Amal Fadholah S.Si., M.Si., Apt, Al-Ustadzah Lija Oktya Artanti, S.pd, M.Pd and Al-Ustadzah Sri Wahyuni S.Farm, Apt. As supervisors, for their willingness to provide guidance, criticism, suggestions, support, and motivation in the process of completing this thesis for undergraduate.
6. All Pharmacy Lecturers who have provided insight and additional insight into science and experience as guidelines and provisions for writers.
7. Laboratory staff at Pharmacy Departement of the University of Darussalam Gontor, who have helped and guided me in the research process.

8. My extended family; my sister who always provided support, enthusiasm, and prayer until I completed my research.
9. Thank you for all UNIDA for girls family, especially the 2015 classmates who cannot be mentioned one by one. Thank you for the togetherness and struggle that will always be remembered.

Finally, the writer realizes that this thesis is still far from perfection. However, a little hope that this simple thesis can be useful for all of us. Moreover, the last, the writer prayed that God would be pleased to reply to all the goodness of all those who have helped the writer in this study. *Amin Ya Rabbal Alamin.*
