

**APPROVAL SHEET
THESIS DEFENCE**

It is hereby stated that the thesis with the title :

**THE EFFECT OF GARGLING USING SALINE SOLUTION
(NaCl) ON DENTAL CARIES BACTERIA AND *Candida
albicans* ON MOUTH ULCER**

Written by:

**Syafilla Destyana Azzahra Wijaya
402019718031**

It has been reviewed and recommended to meet scientific standards, in terms of both scope and quality.

DECLARATION

I hereby,

Name : Syafilla Destyana Azzahra Wijaya
Registered Number : 402019718031
Faculty : Health Sciences
Department : Pharmacy
Title : THE EFFECT OF GARGLING USING SALINE SOLUTION (*NaCl*) ON DENTAL CARIES BACTERIA AND *Candida albicans* ON MOUTH ULCER

I sincerely declare that this thesis originally belongs to my own work and not belongs to other researchers for different degrees. Furthermore, this thesis is never published before, except for some parts with their original references.

Otherwise, if it finds that this thesis is plagiarism, I am ready to be ceased academically.

ACKNOWLEDGEMENTS

Assalamualaikum Warahnatullahi Wabarakatuh

Alhamdulillahirabbil'alamin, In the name of Allah *Subhanahu wa ta'ala*, the beneficent and merciful. All praise is mere to The Mightiest Allah *Subhanahu wa ta'ala*, the lord of the worlds, for the gracious mercy and tremendous blessing that enabled me to accomplish this thesis as expected. Shalawat and peace be upon our Prophet Muhammad *Shallallahu 'Alaihi wa Sallam*, along with His family and companions. The thesis by tittle “**THE EFFECT OF GARGLING USING SALINE SOLUTION (NaCl) ON DENTAL CARIES BACTERIA AND *Candida albicans* ON MOUTH ULCER**” filed as one of a requirement that must be fulfilled to get a Bachelor’s degree (S1) of Pharmacy at Pharmacy Department, Faculty of Health Sciences, Darussalam Gontor University.

And for this occasion, In arranging this thesis, the writer truly gets lots of challenges and obstructions, but with the help of many individuals, those obstructions could be passed. Writer also realized there were still many things that could be improved in the process of writing this thesis. Because of that, the writer says thank you to all individuals who helps in the process of writing this thesis, and mainly thanks to:

1. Leader of Modern Boarding School of Darussalam Gontor: K.H. Hasan Abdullah Sahal, Drs. K.H. M. Akrim Mariyat, Dipl.A.Ed., and Prof. Dr. K.H. Amal Fathullah Zarkasyi, M.A. May Allah entirely protect and keep them.
2. Rector of Darussalam Gontor University, Assoc. Prof. Dr. KH. Hamid Fahmy Zarkasyi, M.A.Ed., M.Phil.; Vice Rector I of Academic and Student Affairs, Dr. Abdul Hafidz Zaid, M.A.; Vice Rector II of Administration and Finance, Dr. Setiawan Bin Lahuri, M.A.; and Vice Rector III of Research and Cooperation, Dr. Khoirul Umam, M.Ec., who continually motivate and instruct us, may Allah lighten their step in carrying out the mandate at Darussalam Gontor University.
3. Dean of **Faculty of Health Sciences**, apt. Amal Fadholah, S.Si., M.Si., Vice Dean I of the Faculty of Health Sciences, Amilia Yuni Damayanti,

S.Gz. M. Nutrition. Vice Dean II of the Faculty of Health Sciences, apt. Kurniawan, S.Si, M.Farm, may Allah lighten their step in carrying out the mandate at Darussalam Gontor University.

4. Mrs. Nurul Marfu'ah M.Si., as the first supervisor, and Ms.apt. Nadia Iha Fatiha, M. Clin. Pharm as teh second supervisor and the head of the Pharmacy Department, who has given a lot of knowledge, referrals, advice and suggestion and constantly and patiently supervises during the research until the thesis can be completed properly. May Allah bestow wherever they are.
5. All the lecturers, education personnel, and all the Pharmacy Department staff have taught and educated during the learning process at Darussalam Gontor University both in and of class.
6. My beloved parents, M. Syafriandi Wijaya and Sumilah, and my sister, Syadilla Farrah Diba Wijaya, always gives me affection, support, suggestion, and great patience in educating.
7. All my friend, especially the Pharmacy class of 2019 Darussalam Gontor Univesity, my roommate CID, I can't mention one by one. Thank you for the support, help, advice, discussions, and cooperation.
8. All the respondents who have given the time and information to finishing this thesis. And all the participants that I can't mention one by one who has given support and sincere help in finish this thesis.

The writer realized that this thesis needs to be improved in arrangement and content. Then the writer hopes the criticism and advice from the readers can help the writer perfect this thesis. Last but not least, this thesis can help the readers to gain more knowledge, providing benefits, and being an inspiration to the reader. *Aamiin Yaa Rabbal'aalamiin.*

Wassalamu'alaikum Warahmatullahi Wabarakatuh

LIST OF TABLE.....	xiv

CHAPTER I: INTRODUCTION

A. Background of The Study	1
B. Problem Formulation.....	4
C. Purpose of The Study	4
D. Benefit	4
1. Teorithical Benefits.....	4
2. Practical Benefits.....	4
E. The Authenticity of The Study	5

CHAPTER II: LITERATURE REVIEW

A. Theoretical Foundations.....	9
1. Salt (NaCl).....	9
2. Dental Caries Disease.....	13
3. Mouth Ulcer Disease	19
4. Gargle	21
5. Media and Microorganism Cultivation Methods	23
6. Calculation and Observation of Microorganism Colonies	28
B. Theoretical Framework.....	32
C. Conceptual Framework	32
D. Hyphotesis.....	32

CHAPTER III: RESEARCH METHOD

A. Type and Research Design	33
B. Time and Research Place	33
C. Population and Research Sample	34
D. Research Variable	34
E. Research Tools and Materials.....	34
F. Ethical Clearance.....	34
G. Research Procedure	35
1. Preparation of Saline Solution.....	35
2. Treatment and Saliva Retrieval	35
3. Sterilization	36
4. Preparation of Media	36
5. Cultivating of Bacteria and Fungi from Saliva.....	37
6. Calculation and Observation Bacteria and Fungi Colonies.....	37
7. Gram Staining in Bacteria	38
8. Microscopic Observation of The Structure of Bacteria and Fungi	38
H. Data Analysis.....	38
I. Research Flowchart.....	39
J. Research Schedule.....	40

CHAPTER IV: RESULTS AND DISCUSSION

A. Observation Results of Bacteria and Fungi Colonies in Saliva	41
B. The Results of Microscopic Observation.....	46
C. The Results of Gram Staining	52
D. Colony Calculation.....	54

CHAPTER V: CONCLUSION AND SUGGESTION1

A. Conclusion.....	61
B. Suggestion	61
