

**APPROVAL SHEET
THESIS DEFENCE**

It is hereby stated that the thesis with the title :

**EFFECT OF GARGLING USING A DECOCTION OF MINT LEAVES
(*Mentha piperita*) ON BACTERIA ON DENTAL CARIES AND *Candida
albicans* ON MOUTH ULCER**

Written by:

Khovivah Indar Parawansya

402019718017

It has been reviewed and recommended to meet scientific standards, in terms of both scope and quality.

DECLARATION

I hereby,

Name : Khovivah Indar Parawansya
Registered Number : 402019718017
Faculty : Health Science Faculty
Department : Pharmacy
Title : Effect Of Gargling Using A Decoction
Of Mint Leaves (*Mentha piperita*) On Bacteria On Dental
Caries And *Candida albicans* On Mouth Ulcer

I sincerely declare that this thesis originally belongs to my own work and not belongs to other researchers for different degrees. Furthermore, this thesis is never published before, except for some parts with their original references.

Otherwise, if it finds that this thesis is plagiarism, I am ready to be ceased academically.

ACKNOWLEDGEMENT

All praise and gratitude I pray to Allah SWT, for all the outpouring of His mercy and hidayat so that I was able to complete a thesis entitled "THE EFFECT OF GARGLING USING A DECOCTION OF MINT LEAVES (*Mentha piperita*) ON BACTERIA ON DENTAL CARIES AND *Candida albicans* ON MOUTH ULCER ". This thesis was written in order to be eligible to achieve a Bachelor's degree in the Pharmacy Study Program, Faculty of Health Sciences, University of Darussalam Gontor.

It was unexpected that it took a lot of effort in completing the work on this thesis and I got a lot of help about teaching, guidance and direction from various parties both directly and indirectly. However, this work have been not completed without the loved ones around me who given support and helpful. My thanks goes to:

1. Al-Ustadz Prof. Dr. Hamid Fahmi Zarkasyi, M.A, M.Phil as rector of University of Darussalam Gontor. Al-Ustadz Dr. Abdul Hafidz Zaid, M.A as vice rector I of University of Darussalam Gontor. Al-Ustadz Dr. Setiawan Bin Lahuri, M.A as vice rector II of University of Darussalam Gontor. Al-Ustadz Dr. Khoirul Umam, M.Ec as vice rector III of University of Darussalam Gontor
2. Al-Ustadz apt. Amal Fadholah, S.Si, M.Si as Dean of Faculty of Health Science, University of Darussalam Gontor
3. Al-Ustadzah apt. Nadia Iha Fatihah M.Clin Pharm as the Head of Department of Pharmacy, University of Darussalam Gontor.
4. Al-Ustadzah Nurul Marfu'ah, M.Si dan Al-Ustadzah Nadia Iha Fatihah, S.Farm,. M.Clin.Pharm as a supervisor who has given a lot of direction and advice during the preparation of the thesis until it can be completed.
5. The entire academic community of Department of Pharmacy, especially all lectures, who have provided all their knowledge and guidance.
6. My parents, Mr. Syahuril and Mrs. Sariani Siregar to both of them I dedicated this thesis. Thank you for all of affection given in raising and

guiding me so I can continue to strive in achieving dreams and goals. And all my family who have provided moral, financial, and do'a support for my success and blessing of knowledge.

7. Friends of the Bachelor of Pharmacy class of 2019 Department of Pharmacy, University of Darussalam Gontor, graduates of the Guardian Generation who helped pray and provide encouragement. To all parties that the author cannot be mention one by one.

As an ordinary human being, the author believe this thesis is not perfect because of limited ability and knowledge possessed by the author. Therefore, for the mistakes and weakness in writing the thesis, the author apologizes and ready to accept constructive criticism. Finally, the author's hope, hopefully this thesis can provide benefit for anyone who reads it

CHAPTER 1 : INTRODUCTION

A. Background Research.....	1
B. Research Problems.....	3
C. Research Objectives.....	4
D. Research Benefits.....	4
E. Authenticity Research.....	4

CHAPTER 2: LITERATURE REVIEW

A. Basic Theory.....	7
1. Mint Plant.....	7
2. Gargling.....	10
3. Dental Caries Disease.....	12
4. Mouth Ulcer.....	21
5. Microorganism Growth Media.....	26
6. Observation and Calculation of Bacterial Colonies.....	30
7. Gram Staining of Bacteria.....	32
B. Theoretical Framework.....	33
C. Conceptual Framework.....	33
D. Hypothesis.....	33

CHAPTER 3: RESEARCH METHOD

A. Research Design.....	35
B. Research Period and Location.....	36
C. Population and Sample.....	36
D. Research Variables	36
E. Research Materials	36
F. Ethical Clearance.....	36
G. Research Procedure	37
1. Determination of Mint plant.....	37
2. Making a decoction of mint leaves.....	37
3. Treatment and sampling	38
4. Sterilization.....	39
5. Preparation of Media	39
6. Breeding of bacteria and fungi from saliva	40
7. Observation of Bacterial and fungal colony observations.....	40
8. Gram staining of bacteria	41
9. Microscopic observation of microorganisms.....	41
10. Calculation of bacterial and fungal colonies	42
H. Data Analysis.....	42
I. Research Flowchart.....	43
J. Research Schedule.....	44

CHAPTER 4: RESULT AND DISCUSSION

A. Colony Observation Results (Bacteria and Fungi).....	47
B. Microscopic Observations of Bacteria and Fungi.....	51
C. Gram Bacterial staining Results.....	53
D. Calculation of Bacterial and Fungal Colonies.....	55

CHAPTER 5: CONCLUSSION AND RECOMENDATION

A. Conclussion	65
