THESIS DEFENCE

It is hereby stated that the thesis with the title :
FORMULATION OF FACIAL WASH BUTTERFLY PEA FLOWER EXTRACT
(*Clitoria ternatea L.*) WITH VARIATION CONCENTRATION OF CARBOPOL 940

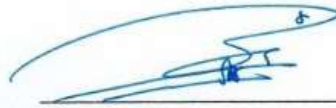

Written by:
Faradhita Kusuma Wardhani
NIM. 402019718011

It has been reviewed and recommended to meet scientific standars, in terms of both scope and quality.

It has been approved to presented on :

Title : Formulation of Facial Wash Gel Butterfly Pea Flower Extract (*Clitoria ternatea L.*) with Variations Concentration in Carbopol 940

I sincerely declare that this thesis originally belongs to my own work and not belongs to other researchers for different degrees. Furthermore, this thesis is never published before, except for some parts with their original references.

Otherwise, if it finds that this thesis is plagiarism, I am ready to be ceased academically.

FOREWORD

Assalamualaikum warahmatullahi wabarakatuh

Alhamdulillah rabbil'alamin, praise Allah SWT, who has given His mercy and blessings and the blessing of knowledge so that the author can complete the thesis as expected. Shalawat and greetings poured out to the prophet Muhammad SAW, along with his family and friends, who have conveyed the path Allah SWT has chosen. The thesis entitled "Formulation of Facial Wash Gel Butterfly Pea Flower Extract (*Clitoria ternatea L.*) with Variations Concentration of Carbopol 940" was prepared as one of the requirements to complete the final project in the Undergraduate program at the Department of Pharmacy, Faculty of Health Sciences, University of Darussalam Gontor.

The author realizes that the preparation of this thesis cannot be completed without various parties' help, guidance, and encouragement. Therefore, on this occasion, the author would like to express his deepest gratitude to the following:

1. Prof. Dr Hamid Fahmi Zarkasyi, M.A., M.Phil., as rector of University of Darussalam Gontor. Dr. Abdul Hafidz Zaid, M.A., as 1st Vice Rector of University of Darussalam Gontor. Dr. Setiawan Bin Lahuri, M.A., as 2nd Vice Rector of University of Darussalam Gontor. Dr. Khoirul Umam, M.Ec., as 3rd Vice Rector of University of Darussalam Gontor.
2. apt. Amal Fadholah, S.Si, M.Si., as Dean of the Faculty of Health Sciences and apt. Nadia Iha Fatihah, M.Clin.Pharm, as the Head of the Department of Pharmacy, University of Darussalam Gontor.
3. apt. Satwika Budi Sawitri, M.Farm, was the first supervisor, and Nurul Marfu'ah, S.Si., M.Si., was the second supervisor who provided knowledge, took time, thoughts to guide, gave advice, and direction during the preparation of the thesis proposal so that it can to complete appropriately.
4. All lecturers, laboratory staff, education staff, and administrative staff

of the Department of Pharmacy have been willing to practice their knowledge, guide, and provide direction during the lecture process.

5. My parents, Mr. Handoko Priyambodo and Mrs. Yuana Susilawati. As well as the extended family who has provided moral and financial support and always prays for the success and blessings of the author's knowledge.
6. Friends of one struggle of the Department of Pharmacy, Faculty of Health Sciences, class of 2019, and friends of the Guardian class of University of Darussalam Gontor who also helped pray and provide encouragement. Furthermore, to all those whom the author cannot name one by one.

The author realizes that there are still many shortcomings and limitations in writing this thesis. Therefore, the author expects constructive criticism and suggestions from all parties so that this thesis can be even better. Finally, the author hopes that this thesis can provide benefits and become an inspiration for readers. *Aamiin Yaa Rabbal Alamin.*
