ORIGINALITY STATEMENT

I declare truthfully that to the best of my knowledge, in this thesis manuscript there is no scientific work that has been submitted by other people to obtain an academic degree in a university, and there are no works or opinions that have been written or published by other people, except those written and cited in this manuscript and mentioned in bibliography.

If it turns out that in this thesis manuscript can be proven that there are elements of plagiarism, I am willing to have this thesis cancelled and the academic degree I have obtained (undergraduate) cancelled, and processed in accordance with applicable laws and regulations (Law No.20 of 2004, Article 35 paragraph 2 and Article 70).

PREFACE

As the author, I would like to express my gratitude to Allah SWT, because with His blessings, grace and gifts which are always bestowed upon all of His servants, we can study in this noble place. Shalawat and greetings are offered to our great prophet, Prophet Muhammad SAW, who has brought His people started from the dark ages to the bright times and were blessed by Allah SWT.

The author does not forget to thank all the lecturers who have helped with the thesis writing process, especially the supervisors who have patiently guided the thesis work to completion. With humility, the author realizes that the work on this thesis cannot be done completely alone and the parties who have helped, provided direction, and also encouraged the author in completing the thesis. The author would like to thank :

1. Ustadz Prof. Dr. Hamid Fahmi Zarkasyi, M.A, M.Phil, as Chancellor, all lecturers at Darussalam Gontor University and all their staff who have provided a lot of knowledge and education for the author
2. Ustadz Harits Setyaningrum, M.Sc, as Dean of the Faculty of Science and Technology.
3. Ustadz Aziz Musthafa, S.Kom, M.T and Ustadzah Triana Harmini, M.Pd as supervisors who always patiently provide guidance and direction in writing the thesis.
4. Ustadzah Nurhana Marantika as a lecturer in Communication Sciences who is always willing to help with thesis writing in the data validation process
5. The author's parents, mother and father and their families always provide support and prayers to the author. Always patient, strong and steadfast in educating and raising writers.
6. Friends from my class who are still patient and strong in continuing their studies until the end, along with friends from the Informatics Engineering study program who are willing to help in the thesis writing process.
