ABSTRACT

Implementation Of Wordwall Media In Improving Vocabulary Mastery In Arabic Language Learning (Classroom Action Research 7C Class Female Students Qoryatul Qur'an Islamic Boarding School Karangmojo Weru Sukoharjo Central Java)

Nurjanah Pujirahayu

Qoryatul Qur'an Islamic Institution is a Qur'an memorization boarding school located in Weru District, Sukoharjo Regency, Central Java. Arabic lesson are one of the materials used to improve students' language skills. The observation results prove that low student scores are caused by the different levels of vocabulary mastered by students and teachers who only use lecture methods without using certain teaching media, which can bore students.

This research aims to improve the mastery of Arabic vocabulary of grade 7C students in Arabic lessons by applying Wordwall learning media at the Qoryatul Qur'an Islamic Institution Sukoharjo for the 2024-2025 academic year.

This research uses Classroom Action Research. In the first and second cycles, 26 students were in class 7C of the Qoryatul Qur'an Islamic Institution Sukoharjo. To obtain the necessary data, the researcher collected data through structured observation techniques, tests, interviews, and documentation.

The results of this study are as follows: 1) The application of Wordwall learning media succeeded in student activeness observation sheets from the first cycle, which reached 61.54%, to the second cycle, which reached 75.82%, with an increase of 14.28%. This is also evidenced by an increase in the percentage of students who passed the first cycle by 53.85% and in the second cycle reached 100% with an increase of 46.15 % 2) That the application of Wordwall-based media succeeded in increasing the mastery of Arabic vocabulary of grade 7C students, with evidence that the average class score in the first cycle was 67.31 and in the second cycle reached 87.64 with an increase in the average class score of 20.33. This is also evidenced by the increase in the number of students who exceeded the Minimum Completeness Criteria (KKM) score from the first cycle by 53.85% and in the second cycle reached 100% with an increase of 46.15%.

Based on the results of the research that has been carried out, the researcher hopes that students will pay attention to the teacher during learning, both using Wordwall learning media and other media. Teachers to be able to apply Wordwall media in learning. And to the next researcher, so that this research can be a reference to develop and apply innovative learning media in learning.

I decide sincerely that this thesis originally belongs to my own work and does not belong to other researchers for different degree. Furthermore, this thesis is not a work published before, except some parts with their original references.

Otherwise, if it is found that this thesis plagiarism, I'm ready to be ceased academically

MOTTO

When I am tired of studying, I whisper to myself the advice of Imam Shafi'i, be exhausted, the sweetness of life is felt after being tired of fighting." Don't give up.

Giving up means postponing the good times in the future."

I tried to cheer myself up. After all, I have made all my efforts above average. I have also perfected my hard work and prayers. Now I have to leave it to "God's decision. I try to make everything sincere."

"Even though it is only whispering in the heart, it seems God is always All-Hearing."

"And the heart that the owner can always control is the heart of a successful person."

Allah's timing is always perfect in every matter. We don't always understand the wisdom behind it. But we have to learn to trust it. Faith is trusting Allah even when you understand His plan.

Whatever you cross, whatever your pain. There will be sunshine after the rain. Perhaps you may stumble, perhaps even fall. But believe that Allah is always ready to answer your call.

"The result of your achievement will be in direct proportion to the effort you apply" (Denis Waitley)

Yes, Allah knows. Allah knows you're tired. Allah knows it is difficult for you. But you must also know that Allah would never place you in a situation that you can't handle (Anonymous)
