ABSTRAK

PROGRAM TAKHOSUS AL-QUR'AN DAN KORELASINYA DENGAN HASIL BELAJAR (Studi Kasus di SMA IT Baitussalam Yogyakarta)

Afifah Muthmainnah

422021238013

SMA IT Baitussalam adalah sekolah swasta yang memadukan antara ilmu agama dan ilmu umum. Salah satu program unggulan di SMA IT Baitussalam adalah Program Takhosus Al-Qur'an. Siswa Program Takhosus Al-Qur'an cenderung memiliki hasil belajar yang lebih baik dibanding siswa yang tidak mengikuti Program Takhosus Al-Qur'an. Padahal siswa yang tidak mengikuti Program Takhosus Al-Qur'an memiliki waktu belajar yang lebih banyak dibanding siswa Program Takhosus Al-Qur'an.

The purpose of this study is that researchers want to know the correlation between the Takhosus Al-Qur'an Program and the learning outcomes of SMA IT Baitussalam Yogyakarta students.

Jenis penelitian ini adalah penelitian kuantitatif dengan desain penelitian korelasi. Adapun sampel penelitian sebanyak 33 siswa dengan teknik pengumpulan data yaitu kuesioner, wawancara, dan dokumentasi. Teknik analisis data yang digunakan dalam penelitian ini adalah dengan menggunakan rumus korelasi *product moment*.

Hasil penelitian menunjukkan bahwa (1) Program Takhosus Al-Qur'an memiliki kategori baik dengan skor rata-rata angket sebesar 51.59 (2) Hasil belajar siswa SMA IT Baitussalam memiliki kategori baik dengan rata-rata 90 (3) Terdapat korelasi yang signifikan antara Program Takhosus Al-Qur'an dengan hasil belajar, yang dibuktikan dengan hasil analisis dengan nilai signifikansi $r_{hitung} = 0.617 > r_{tabel} (0.344)$ pada taraf signifikansi sebesar 5%. Besarnya korelasi Program Takhosus Al-Qur'an dengan hasil belajar adalah sebesar 61% dalam artian bahwa 39% lainnya ditentukan dalam variabel lain yang tidak diteliti dalam penelitian ini.

Akhirnya, dari penelitian yang sederhana ini, peneliti mengakui bahwasanya penelitian ini belum mencapai tahap kesempurnaan, melainkan sebuah usaha yang masih memiliki banyak kekurangan. Maka dengan ini peneliti berharap agar peneliti selanjutnya bisa meneliti lebih dalam dan lebih lengkap, serta dapat memperbaiki pembahasan lebih dari apa yang sudah didapatkan pada pembahasan sekarang.

Kata Kunci: hasil belajar, program *takhosus al-qur'an*, sma it baitussalam yogyakarta

ABSTRACT
THE TAKHOSUS AL-QUR'AN PROGRAM AND IT'S CORRELATION WITH
LEARNING OUTCOMES

(Case Study at SMA IT Baitussalam Yogyakarta)

Afifah Muthmainnah

422021238013

SMA IT Baitussalam is a private school that combines religious and general knowledge. One of the excellent programs at SMA IT Baitussalam is the Takhosus Al-Qur'an Program. Students of the Takhosus Al-Qur'an Program tend to have better learning outcomes than students who do not participate in the Takhosus Al-Qur'an Program. Even though students who do not participate in the Takhosus Al-Qur'an Program have more study time than students of the Takhosus Al-Qur'an Program.

From the above phenomenon, researchers want to know the correlation between the Takhosus Al-Qur'an Program and the learning outcomes of SMA IT Baitussalam Yogyakarta.

This kind of study is quantitative research that utilizes correlation research design. The sample for the research consisted of 33 students with data collection methods including questionnaires, interviews, and documentation. The technique for analyzing data employed in this research is the application of the product moment correlation formula.

The findings indicated that (1) the Takhosus Al-Qur'an Program is classified as good, with an average questionnaire score of 51.59 (2) The academic results of SMA IT Baitussalam pupils are categorized as good, with an average score of 90 (3) A noteworthy relationship exists between the Takhosus Al-Qur'an Program and academic performance, as shown by the analysis results with a significance value of $r_{\text{count}} = 0.617 > r_{\text{table}} (0.344)$ at a 5% significance level. The extent of the correlation between the Takhosus Al-Qur'an Program and academic performance is 61%, indicating that the remaining 39% is influenced by other variables not covered in this research.

Finally, from this simple research, the researcher recognizes that this research has not reached the stage of perfection, but rather an effort that still has many shortcomings. So with this, the researcher hopes that future researchers can examine more deeply and more completely, and can improve the discussion more than what has been obtained in the current discussion.

Keywords: learning outcomes, *takhosus al-qur'an* program, smait baitussalam yogyakarta

DECISION OF SUPERVISOR

To Honorable,

Dean of Faculty of Ushuluddin

University of Darussalam Gontor-Ponorogo

Bismillāhirrahmānirrahīm

Assalamualaikum Warahmatullahi Wabarakatuh.

It is my honor to present the thesis written by:

Name : Afifah Muthmainnah
Reg. Number : 422021238013
The Title : The Takhsus Al-Qur'an Program and it's
Correlation with Learning Outcomes (Case Study at
SMA IT Baitussalam Yogyakarta Academic Year
2024/2025)

I declare that this thesis has been processed and corrected to fulfill the requirement for the degree of Licentiate in **Department Al-Qur'an and Tafsir Studies** in the Faculty of Ushuluddin, University of Darussalam Gontor. Therefore, I request that the thesis could be examined soon.

Wassalamualaikum Warahmatullahi Wabarakatuh.
