STATEMENT ORISINALITY

STATEMENT ORIGINALITY

I declare truthfully that to the best of my knowledge, in this thesis manuscript there is no scientific work that has been submitted by others to obtain an academic degree at an university, and there are no works or opinions that have been written or published by others, except those that are written cited in this manuscript and mentioned in the bibliography.

If it turns out that in this thesis manuscript it can be proven that there are elements of plagiarism, I am willing to have this thesis aborted and the academic degree I have obtained (undergraduate) canceled, and processed in accordance with applicable laws and regulations (Law No. 20 of 2003, Article 25 paragraph 2 and Article 70).

ACKNOWLEDGEMENT

All praise and gratitude to Allah SWT for His blessings and guidance, which have enabled the completion of this thesis, entitled “Analysis of Best-Selling Product Sales at Pekanbaru Jaya Building Shop Using the K-Means Clustering Method”. Shalawat and salam are also the authors to prophet Muhammad SAW who has shown the straight path of truth as it is today.

The author would like to thank all the lecturers who have helped in the process of writing the thesis it is completed. He author is grateful for the support, assistance, and guidance provided by various parties. So, on this occasion the author would like to express his deepest gratitude to :

1. Al-Ustadz Prof. Dr. Hamid Fahmi Zarkasyi, M.A.Ed., M.Phil. as the Rector of Universitas Darussalam Gontor and all his staff, as well as all lecturers of Universitas Darussalam Gontor who have educated the author.
2. Al-Ustadz Haris Setyaningrum, S.Si., M.Sc. as the Dean of the Faculty of Science and Technology and its staff.
3. Al-Ustadz Dihin Muriyatmoko, S.ST., M.T. as Head of the Informatics Engineering Study Program along with lecturers and staff, who have provided support and direction for this research.
4. Al-Ustadzah Dian Fikrianti, S.Si., M.Mat. dan Dihin Muriyatmoko, S.ST., M.T. as supervisors who always patiently guide, help and motivate the author in the process of completing this thesis.
5. Mr. Abdillah Faqih as the owner of the building shop who has been willing to spend his time helping the author in the research process.
6. The author's parents and family who always provide support in the form of prayers, motivation, and endless enthusiasm to the author.
7. Friends from the Informatics Engineering study program and other friends who always encourage and have been willing to help the author in completing this research.

8. All parties that the author cannot mention one by one, hopefully given the best reply by Allah SWT for all the help that has been given to the author so that this research can be completed.

The author realizes that there are still many shortcomings in this research. Therefore, the author really hopes for constructive criticism and suggestions to complete and perfect this research so that it can be useful for the development of science and technology. It is hoped that this research will be useful for those who need it, especially for the author. Finally, may Allah SWT always bestow His grace and guidance on all of us. Amiiin ya rabbal 'alamin.
