ACKNOWLEDGEMENT

Assalamualaikum warrahmtullahi wabarakatuh

Alhamdulillahirabbil'alamin, the author would like to express his gratitude to Allah SWT, the Lord of the universe who has given grace and guidance as well as practical knowledge so that he can complete the thesis with the title "spray formulation of bidara Laut leaf extract (*Ziziphus mauritiana* L.) and its effectiveness in healing burns of white Wistar rats. Continuous prayers and greetings are offered to the Prophet Muhammad SAW, along with his family and friends, who are role models for humanity. The thesis was prepared as one of the requirements for completing the final assignment in the Strata-1 program in the Pharmacy Study Program, Faculty of Health Sciences, Darussalam Gontor University. The author realises that the preparation of this thesis could not have been completed without assistance, guidance and encouragement from various parties. Therefore, on this occasion, the author would like to express his sincere thanks to:

1. My beloved parents, Mr. Lilik Ainul Yakini and Mrs. Lilik Khoiriyah, and the extended family, with their love, continuous prayers, moral support, and financial support, have greatly helped the author.
2. Al-Ustadz apt. Amal Fadholah, S.Si, M.Si as Dean of the Faculty of Health Sciences, Darussalam Gontor University.
3. Al-Ustadzah apt. Nadia Iha Fatiha M.Clin Pharm as Chair of the Pharmacy Study Program at Darussalam Gontor University.
4. Al-Ustadzah apt. Fauziyyah Al Hasanah, M. Farm and Al-Ustadz apt. Ahyana Fitriani, M.Si, as supervisor lecturer, has provided much knowledge and spared his time and valuable direction and advice in completing this thesis.
5. The entire academic community of the Pharmacy Study Program, including lecturers, laboratory assistants, and teaching staff, have provided their knowledge and invaluable assistance.
6. Nola, Sahika, Ekhrima, and Kharisma are loyal friends who have supported and accompanied the author and have been a strength in this journey.

7. Friends of the Bachelor of Pharmacy class of 2021, Darussalam Gontor University Pharmacy Study Program, who have been an essential part of this journey and have helped pray for and provide irreplaceable encouragement and togetherness.

The author would also like to thank all parties who cannot be mentioned individually but have contributed to completing this thesis. Hopefully, Allah SWT will abundantly reward all the goodness given. Finally, the author hopes this thesis can provide benefits and be the first step in contributing to broader knowledge.

Wassalamualaikum warahmatullahi wabarakatuh.

RESEARCH AUTHENTICITY STATEMENT

I hereby,

Name : Nisaul Khoiriyah
NIM : 422021718054
Faculty : Health Sciences
Study program : Pharmacy
Research title : spray formulation of bidara laut leaf extract (*Ziziphus mauritiana* L.) and its effectiveness in healing burns of Wistar white rats.

I sincerely declare that the research compiled in this thesis is originally my work and does not belong to other research to different degrees. Furthermore, this thesis has never been published except for a few sections with original references. If it is discovered that this work has been plagiarised, I am ready to receive administrative and academic sanctions.
