STATEMENT OF ORIGINALITY

STATEMENT OF ORIGINALITY

To the best of my knowledge, I sincerely declare that this thesis does not contain any scientific work that others have previously submitted to obtain an academic degree at any university. It contains no work or opinions written or published by others except those cited in this manuscript and listed in the references.

Suppose it is proven that this thesis contains elements of plagiarism. In that case, I am willing for it to be invalidated, and the academic degree I have obtained (bachelor's degree) will be revoked. I will also be processed according to applicable laws and regulations (Law No. 20 of 2003, Article 25, Paragraph 2, and Article 70).

ACKNOWLEDGMENT

All praise and gratitude are due to Allah SWT for His blessings, grace, and mercy, enabling the completion of this thesis titled "Sentiment Analysis of Daviena Skincare Product Reviews Using the Support Vector Machine Method (Case Study: Shopee Marketplace)." Blessings and peace are also conveyed to our Prophet Muhammad SAW, who has guided humanity to the path of righteousness.

The author extends heartfelt gratitude to all faculty members who have provided knowledge, guidance, and motivation throughout the preparation of this thesis. Their mentorship, assistance, and support have been invaluable in completing this report.

With humility, the author expresses deep gratitude to:

1. Al-Ustadz Prof. Dr. Hamid Fahmi Zarkasyi, M.A.Ed., M.Phil., Rector of Universitas Darussalam Gontor, along with his staff and the entire faculty of Universitas Darussalam Gontor, for their education and guidance.
2. Al-Ustadz Haris Setyaningrum, S.Si., M.Sc., Dean of the Faculty of Science and Technology, and his team.
3. Al-Ustadz Dihin Muriyatmoko, S.ST., M.T., Head of the Informatics Engineering Program, along with the lecturers and staff, for their support and guidance during this research.
4. Al-Ustadz Faisal Reza Pradhana, S.Kom., M.Kom., and Al-Ustadz Aziz Mustofa, supervisors who patiently guided, assisted, and motivated the author in completing this thesis.
5. Al-Ustadzah Wardinem, S.Pd., Indonesian language teacher at SMP 14 Tg. Redeb Berau, who kindly dedicated her time to assist the author in the process of validating research data.
6. The author's parents and family, who consistently provided prayers, motivation, and encouragement.
7. Friends from the Informatics Engineering program and others who constantly gave support and helped the author in completing this research.

8. All parties not mentioned individually, may Allah SWT grant them the best rewards for their assistance, which has greatly contributed to the completion of this research.

The author acknowledges that this research is not without its shortcomings. Therefore, constructive criticism and suggestions are highly appreciated to improve this study, making it more beneficial for the advancement of science and technology. May this research be useful to those in need, especially for the author. Lastly, may Allah grant His grace and guidance to us all. Aamiin ya rabbal 'alamin.
