## ACKNOWLEDGEMENT

Assalamualaikum warrahmtullahi wabarakatuh

In the name of Allah, the Lord of all that is, praise and gratitude are extended to Him, for it is through His grace and guidance, and the beneficial knowledge He has bestowed upon us, that this thesis, entitled " Formulation of Herbal Toothpaste From Eggshell And Coconut Shell Charcoal (*Cocos nucifera L.*) to Preventing Teeth Discoloration," has been completed. Shalawat and greetings are endlessly offered to the great Prophet Muhammad SAW, along with his family and friends who are role models for mankind. The present thesis was prepared as one of the requirements for the final project in the undergraduate program at Departement of Pharmacy, Faculty of Health Sciences, Universitas Darussalam Gontor. The author acknowledges that the completion of this thesis would not have been possible without the assistance, guidance, and encouragement of various individuals and entities. In recognition of the invaluable contributions of these individuals, the author wishes to extend his profound gratitude to:

1. The author would like to express their deepest gratitude to their parents, Mr. Wijiono and Mrs. Sunarni, and their brother, Fajar Ramadhan Putra Naudji, for their unwavering support, unconditional love, and invaluable contributions to the completion of this work.
2. Al-Ustadz apt. Amal Fadholah, S.Si, M.Si, serves as the Dean of the Faculty of Health Sciences at Universitas Darussalam Gontor.
3. Al-Ustadzah apt. Nadia Iha Fatiha M.Clin Pharm serves as the Head of the Departement of Pharmacy at Universitas Darussalam Gontor.
4. The supervision of Al-Ustadzah Anggun Mahirotun Nur Sholikhah, M.Farm, and Al-Ustadzah Dr. Solikah Ana Estikomah, M.Si., was instrumental in the development of this thesis. Their guidance, direction, and advice were invaluable, and their contributions to the project were substantial.

5. The entire academic community of the Pharmacy Study Program, including all lecturers, laboratorians, and educators who have provided all the knowledge and invaluable assistance.
6. Tika, Sinta, Khalda and Luthfia are friends who have provided support and companionship to the author, thereby serving as a source of strength throughout this journey.
7. The members of the 2021 cohort of the Bachelor of Pharmacy program at University of Darussalam Gontor have played a pivotal role in this endeavor. Their contributions, including their prayers, unwavering encouragement, and collective support, have been indispensable to its success.

The author also expresses his profound gratitude to all individuals who have contributed to the completion of this thesis, though they cannot be mentioned individually. It is hoped that the benevolence demonstrated will be amply rewarded by Allah SWT. Finally, the author's hopes that this thesis will be of benefit and serve as a foundation for a more extensive contribution of knowledge.

Wassalamualaikum warahmatullahi wabarakatuh.
