## STATEMENT OF RESEARCH AUTHENTICITY

### AUTHENTICITY STATEMENT

It is hereby declared by,

Name : Putti Zaki Amalia  
NIM : 422021718059  
Faculty : Health Sciences  
Study Program : Pharmacy  
Research Title : Antidiabetic Activity Test Of Ethanol Extract Of Peanut Shells  
(*Arachis hypogaea* L.) In Glucose-Induced White Rats (*Rattus norvegicus*)

I sincerely declare that the research contained in this thesis is my work and does not belong to anyone else. This thesis has never been published, except for some parts with original references.

If in the future it is found that this work is plagiarism, I am ready to be given administrative and academic sanctions.

## PREFACE

بسم الله الرحمن الرحيم

Assalamu'alaikum Warahmatullahi Wabarakaatuh

All praise and gratitude are due to Allah SWT, who continuously bestows His blessings and guidance, enabling the author to complete this research and the writing of this thesis, entitled "Evaluation of the Antidiabetic Activity of Peanut Shell Ethanol Extract (*Arachis hypogaea* L.) in Glucose-Induced White Rats (*Rattus norvegicus*).\" May peace and blessings be upon the Prophet Muhammad SAW, whose intercession we seek until the end of time. This thesis is submitted as a requirement for obtaining a Bachelor of Pharmacy (S.Farm) degree in the Department of Pharmacy, Faculty of Health Sciences, Universitas Darussalam Gontor.

The author extends deep gratitude to everyone who has provided support, guidance, and advice in any form, with full attention and affection, throughout the process of writing this thesis. On this occasion, the author would like to express sincere appreciation to:

1. Al-Ustadz Prof. Dr. Hamid Fahmi Zarkasyi, M.A.Ed, M.Phil, as the Rector of Universitas Darussalam Gontor; Al-Ustadz Dr. Abdul Hafidz Zaid, M.A., as Vice Rector I; Al-Ustadz Dr. Setiawan Bin Lahuri, M.A., as Vice Rector II; and Al-Ustadz Dr. Khoirul Umam, M.Ec, as Vice Rector III of Universitas Darussalam Gontor.
2. My beloved parents, Father (Suprpto) and Mother (Parwinah), who have always been by my side, providing both financial and moral support, and continuously offering prayers to Allah SWT for the smooth completion of all my endeavors.
3. My dear siblings, Pyrena Zahra Alzena and Pranaja Zahiy Arundaya, who have never ceased to offer prayers and support throughout the writing of this thesis.
4. Al-Ustadz Apt. Amal Fadholah, S.Si., M.Si., as the Dean of the Faculty of Health Sciences, Universitas Darussalam Gontor, for granting me the opportunity to conduct this research and write my thesis.
5. Al-Ustadzah Nadia Iha Fatihah, M.Clin.Pharm., as the Head of the Pharmacy Study Program, Faculty of Health Sciences, Universitas Darussalam Gontor, for her support in facilitating this research and thesis writing.
6. Al-Ustadzah Yulisa Raras Dewi, M.Farm., as my primary supervisor, and Al-Ustadzah Nurul Marfu'ah, S.Si., M.Si., as my secondary supervisor, for

dedicating their time, sharing their knowledge, providing guidance and suggestions, and offering encouragement and motivation throughout my research and writing process.

7. All lecturers, laboratory assistants, academic staff, and administrative personnel of the Pharmacy Study Program who have generously shared their knowledge and time in assisting various aspects of this thesis until its completion.
8. My fellow Pharmacy 2021 classmates, who have offered prayers, support, and motivation throughout this thesis journey and have added color and unforgettable memories during my studies at Universitas Darussalam Gontor.

May Allah SWT always grant good health, ease, and abundant rewards to all those who have contributed and supported this research. The author acknowledges that this thesis is not without flaws due to the limitations in my knowledge and capabilities. Therefore, I welcome any constructive criticism and suggestions for improvement. Additionally, I hope this thesis will be beneficial to others in the future. Aamiin.

Wassalamu'alaikum Warahmatullahi Wabarakaatuh.
