ACKNOWLEDGEMENTS

Assalamu'alaikum Wr.Wb.

Praise and Thanks be to Allah SWT for bestowing his mercy and guidance, so that I, as the author, was able to complate my thesis entitled "**Evaluation Of Anemia Therapy On Hemoglobin In Chonic Kidney Disease Inpatients At Dr.Moewardi Solo Hospital".** This thesis is written as a final requirement for obtaining a Bachelor of Pharmacy degree from the Pharmacy Research Programme, Faculty of Health Sciences, University of Darussalam Gontor Ponorogo. In conducting this research and writing this thesis, the author realizes that it would not have been possible without the assistance of various parties. Therefore, the author would like to take this opportunity to express his gratitude to:

1. Allah SWT. As an expression of endless and infinite gratitude to him for all the blessings, guidance, kindness, and ease that Allah SWT has given me in facilitating and simpliflying the writing of this thesis
2. Prof. Dr. Hamid Fahmi Zarkayi., M.A., M.Phill Rector of Darussalam Gontor University
3. Mr. apt. Amal Fadholah, S.Si. M.Si., Dean of the Faculty of Health Sciences, Darussalam Gontor University.
4. Ms. apt. Nadia Iha Fatihah, M.Clin. Pharm, Head of the Barchelor of Pharmacy Research Programme and First Supervisor who has provided time, opportunity, patience, and guidance so that this thesis could be completed.
5. Mr. apt Kurniawan, S.Si., M.Farm. As the Second Supervisor who has provided time, opportunity, patience, and guidance, enabling this thesis to be completed.
6. Ms. apt. Satwika Budi Sawitri, S.Farm., M.Farm., as the examining committee, who provided input, guidance, and suggestions to complete this thesis.
7. Mr Ahmad Suriadi, Mrs Wiwik Sulastri, Adik Muhammad Dika Fauzan, Adik Muhammad Tandra Ramdhan, and Kak Raden Haydar Ali Fatan, thank you for all support, both the material and moral. I dedicate this work to you, as a

token of my gratitude for your sacrifices and hard work, which have enabled me to achieve my dreams.

8. Zeynita Bayhaqie, Galuh Zulian, Rihadatul Aisy Salsabila, Indah Wulan, Salsabila Rahma, Sekar Indah, Duhaini Marito dan Safira. Who always listened, encouraged me and provided useful advice to motivate me in writing this thesis.
9. To the lecturers of the Pharmacy Undergraduate Programme at Darussalam Gontor University who have provided me with thw guidance and input to ensure the smooth progress of this thesis.

   To the Director of Dr. Moewardi Regional General Hospital, Mrs. Renny, Mr. Ali, Mrs. Santy and all the staff at Dr. Moewardi Regional General Hospital who have assisted me in ensuring the smooth progress of my thesis research.
10. My fellow 2022 Pharmacy undergraduates have indirectly assisted me in completing this research and thesis.
11. My friends from the Extraordinary Generations, who have always supported me in completing this research and thesis.
12. Thank you to myself for being so extraordinary, for persevering and enjoying the long process of writing this thesis. May this thesis become a work that motivates me to do better in the future.
13. Thank you also to all readers. May writing always be benefical and useful to you.

I realise that this thesis has its strengths and weaknesses, so I kindly as readers to provide contructive, criticism, and suggestions to help improve any shortcoming in the writing of this thesis. I apologise for any errors and imperfections, as perfection belongs only to Allah SWT. I hope this thesis will be of benefit to readers and in particular to myself personally.

TABLE OF CONTENTS

ORIGINALITY OF RESEARCH ..... **….iii**
ABSTRACT ..... **….iv**
ACKNOWLEDGEMENTS ..... **…..v**
TABLE OF CONTENTS ..... **…..ii**
LIST OF TABLES ..... **….iv**
LIST OF FIGURES ..... **…..v**
CHAPTER I INTRODUCTION ..... **…..1**
1.1 Research Background 1
1.2 Research Problems 3
1.3 Research Objectives 3
1.4 Research Benefits 4
1. Theoretical Benefits 4
2. Practical Benefits 4
1.5 Authenticity of the Research 4
CHAPTER II LITERATURE REVIEW ..... **…..6**
2.1 Basic Theory 6
2.1.1 Chronic Kidney Disease 6
2.1.2 Anemia 15
2.1.3 Haemoglobin 24
2.1.4 Haematological Tests 28
2.2 Theoretical Framework 31
2.3 Conceptual Framework 32
CHAPTER III RESEARCH METHOD ..... **….33**
3.1 Research Design 33
3.2 Research Period And Location 33
3.3 Population and Sample 33
3.4 Research Variables 34
3.5 Definition of Operational Variable 35
3.6 Research Materials 37
3.7 Ethical Clearance 37

3.8 Research Procedurs 37
3.9 Data Analysis 38
3.10 Research Flowchart 40
3.11 Research Schedule 41
CHAPTER IV RESULTS AND DISCUSSION ..... ….42
4.1 Patient Characteristics 42
4.2 Profile of Anemia Therapy 46
4.3 Rationality of Anemia Therapy 49
4.4 The Effectiveness of Anemia Therapy in Increasing Haemoglobin Levels 58
4.5 Haematological Examination of MCV, MCH and MCHC 67
CHAPTHER V CONCLUSIONS AND RECOMMENDATION ..... ….78
5.1 Conclusions 78
1. Profile of Anemia Therapy Use in CKD Patients 78
2. Rationality of Anemia Therapy Use in CKD 78
3. Effectiveness of Anemia Therapy in CKD Patients 78
5.2 Recommendation 79
